Get personal results with Voice Match

Voice Match lets your Assistant recognize your voice and use it to access your personal results, like calendar events, based on your account.

Note that a similar voice or recording might be able to access this info, too. You can turn personal results off any time in Assistant settings.

CANCEL

CONTINUE

2-9 Try to say "OK, Google" to your smart phone.

You will see Google Assistant automatically shown as the photo.

(***If you use ios system, Kindly download "Google Assistant" app and run it***) 2-10 Say "Talk to Luffanet", Luffanet will ask to link account to google.

2-11 "Activate" google assistant for Luffatube.

2-12 Now you have finished google assistant setting,

Try to control gateway by say "OK, Google" then say" Talk to Luffanet", "show scenes"

3. Set up Google Home device

3-1 Download "Google Home" app.

3-2 Run "Google Home" app, setting the google account then set up your Home device nearby.

3-3 Now setting up google assistant is finished.

Try to say" OK, Google. Talk to Luffanet" to the google home device to control your smart home!
